Take the stairs; do NOT use elevators.

Check elevators to determine if anyone is trapped. Do NOT attempt to open elevator doors. Notify Public Safety and tell trapped passengers to stay calm.

Unplug and turn off electrical equipment (e.g. desktop computers, laboratory equipment, small appliances, etc).

Report any issues related to or resulting from the power outage to Public Safety.

For more safety tips and preparedness information visit: lmu.edu/emergency

NOTE: During and immediately following a power outage, you may experience delays when attempting to access doors/areas that require card entry.
